

## **Typing Sentences:**

**Typing Sentences** only becomes available after a student has achieved the rank of Private 2<sup>nd</sup> Class in **Typing Words**. When highlighted, choose **Typing Sentences** from the main menu. Once again use the Practice Screen to practice the skill. Simple sentences will appear and the student must type them as quickly and accurately as possible. When they are comfortable, try a timed fluency by clicking **Time Me**. As they improve, the sentences will become more complex, requiring students to stretch their fingers to reach different keys on the keyboard. As they get faster and more accurate, they improve their “ranking” and earn tokens, redeemable for playing various games built into the program. They can chart their progress on the main menu and as they get faster and more accurate, they improve their “ranking” and earn tokens, redeemable for playing various games built into the program. They will need to earn at least two tokens before they will have access to play games. An internet connection is required to play all games in the arcade.
